Dear Mr. Morby:

Following up on our request to resend our "TS&D" status to
"Generator" only status dated August 30, 1984.

As of this date we have not received notification from your
office that we have been reclassified as a "Generator Only".
We would like to have this matter resolved prior to the Part B
Application filing date in November, 1985. Please let me know
what is required to effect this change.

Very truly yours,

James S. Stromske
